## THE ULTIMATE CELEBRATION

Greetings, party enthusiasts! I'm Sarah Mac, owner and operator of Caravan Sounds!

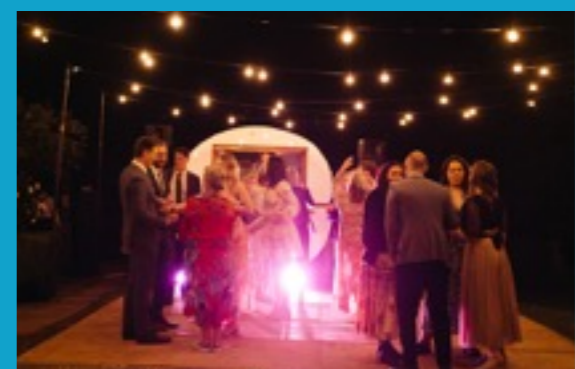

Brace yourself for an awe-inspiring experience designed exclusively for top-tier outdoor weddings. As the warm breeze caresses your face, Caravan Benny gracefully emerges onto the scene, bringing an energising DJ performance that will leave you craving more. And when the night comes to a close, Caravan Benny effortlessly vanishes, leaving you with nothing but cherished memories and no hassles.

Gone are the days of lugging equipment in and out of venue, with a concept that is one of a kind. Our aim? To infuse your special day with unmatched fun, irresistible charm, and an intoxicating energy that will leave your guests spellbound.

Weddings hold a special place in our hearts. With over 15 years of experience and an impressive track record of 500+ weddings.

We understand that each celebration is a unique tapestry of dreams, and embrace the fact that wedding venues have come a long way from the local reception centre. From rustic barns to picturesque backyards, serene beachside parks to atmospheric warehouses, sprawling paddocks to captivating breweries, and even enchanting farmsteads or school campgrounds—the possibilities are limitless. It is precisely in these unconventional locations that we shine brightest.

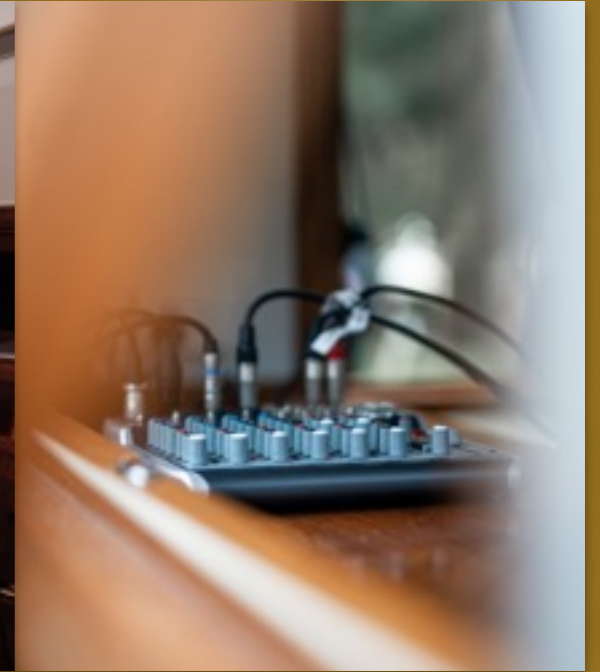

So, why confine your celebration within four walls when Australia's stunning outdoors beckons? Let Caravan Sounds bring your wildest dreams to life under the twinkling stars. With our expertise and passion for creating something extraordinary, your wedding will be etched in the minds of your guests for years. Together, let's break free from convention, seize the moment, and revel in the sheer beauty of an open-air extravaganza.

# Live Music

## THE ULTIMATE CELEBRATION

**Live music. It sets the scene. And we're well aware of that.**

Benny comes with a 12 channel mixer, allowing a small musical act to plug directly in and perform using our speakers. This ties your the musical space together perfectly.

Start soft and slow before increasing the tempo with the DJ.

We can bring the rug for a comfy space under foot no charge.

We'll connect with your chosen artist to ensure smooth sailing on the day.

Photographed with Benny are musical duo Alex & Elisa, also known as 'The Goold Life' from the Mornington Peninsula and below, solo artist Abe Anderson from Geelong.

# Customise

## GIVE BENNY A NEW LOOK?

The caravan has style, but loves to dress to the occasion and get customised for that extra personalised touch.

The options are endless with temporary designs and surprisingly feasible. We are a blank canvas. Whether it's highlighted panels to match your theme, your names across it, hashtag or loads more. Chat to us for ideas and quotes.

For reference, all of the decals seen in these pictures were \$200. Feel free to dress the bench, cover us in flowers or connect us to bunting. We will happily fit your days style.

## WEATHER

In case of bad weather, let's chat back up plans. If Benny can fit, we'll move everything indoors, or up to a sheltered area. Our DJ can also relocate indoors without Benny, but with everything else needed as a smaller compact or speedy option.

As safety is our first priority, there may be extreme occasions where we are unable to continue due to adverse weather.

# 7

## TRAVEL

**Do we? Short Answer - Absolutely.**

We don't shy away from a road trip. Any event within a 50km distance from Darwin is free travel.

Any event further than 50km incurs a travel fee of \$2.50 x Per 1km after the first 50. To keep the team safe, travel over 1 hour from Darwin may attract an accommodation fee. With a high risk of wildlife, we want to do all we can to ensure safety first.
